MYSATHI – Frequently Asked Questions

(For University Leaders & Policymakers)

---

1. What is mySATHI?

mySATHI (Scholastic Aptitude Test for Higher Education Institutions) is a global-standard, on-demand, computer-adaptive entrance examination designed to transform undergraduate admissions.

Developed by the mySATHI Foundation and delivered by DEXIT Global across 235 secure test centers worldwide, mySATHI evaluates the 4Cs critical for success in higher education and beyond:

- Critical Thinking
- Creativity
- Collaboration
- Communication

Unlike traditional subject-heavy exams, mySATHI is inclusive, future-ready, and policy-aligned, offering universities deeper insights into student readiness and enabling a fairer, more globally relevant admissions system.

---

2. How is mySATHI different from other UG entrance exams?

mySATHI distinguishes itself through:

- On-Demand Access: Available anytime, from January 1, 2026, across 235 DEXIT Global centers.
- Future-Ready Skills: Focused on higher-order cognitive and human-centric capabilities, not rote memorization.
- Inclusive & Equitable: Stream-neutral, multilingual, affordable, and designed to minimize coaching bias.
- Global Benchmarking: Positioned as India's alternative to SAT/ACT, adapted for Asia, Africa, and the Middle East, while aligned with NEP 2020.
- Developmental Purpose: Scorecards provide diagnostic feedback for both students and institutions—shifting the exam from a filtering tool to a developmental tool.

---

3. What is the core ideology of the mySATHI Foundation?

The mySATHI Foundation anchors the exam with five strategic pillars:

1. Research & Innovation – advancing psychometrics, AI-driven assessment, and adaptive testing.
2. Policy & Advocacy – shaping inclusive admissions frameworks aligned with NEP 2020 and international best practices.
3. Knowledge Dissemination – publishing whitepapers, policy briefs, and global research.
4. Capacity Building – fellowships for educators, policymakers, and researchers.
5. Global Collaboration – partnerships and longitudinal studies tracking student success, employability, and equity.

The Foundation's core principle is: "Pull forward talent, not filter out."

---

4. Can universities adopt mySATHI as a standalone admissions test?

Yes. Universities have full flexibility to:

- Use mySATHI as a primary admissions test for undergraduate programs.
- Recognize it as an alternative merit route alongside CUET, SAT, JEE, NEET, or board marks.
- Apply it for scholarship selection, diversity recruitment, and international outreach.

---

5. How often will mySATHI be held?

- On-demand from Day One: Available continuously starting January 1, 2026.
- Global Network: Delivered across 235 secure DEXIT Global centers.
- Multiple Attempts: Students can re-take and submit their best scores, eliminating the "bad-day" effect of single-shot exams.

---

6. What is the structure of mySATHI?

- Format: Computer-adaptive, similar to GRE/GMAT.
- Duration: ~2 hours.
- Question Types: Multiple-choice, scenario-based simulations, case studies, and constructed responses.
- Reporting: Scores presented in performance bands with diagnostic insights (like IELTS), rather than single raw marks.

Domains Measured:

- Cognitive Skills – reasoning, problem-solving, communication.
- 21st-Century Skills – creativity, collaboration, critical thinking, communication.
- Practical Literacies – data interpretation, numeric literacy, reading comprehension.
- Human-Centric Capabilities – ethics, resilience, adaptability, learnability.
- Non-Cognitive Traits – emotional intelligence, tenacity.

7. What technology powers mySATHI?

- Delivered by DEXIT Global, one of the world's largest exam providers (12M+ tests in 2024).
- Secure, AI-enabled delivery with proctoring, encryption, and anti-cheating safeguards.
- Global Infrastructure: 235+ test centers with expansion potential across Asia, Africa, and the Middle East.

8. Who governs mySATHI?

- mySATHI Foundation – independent custodian for academic design, policy, and research.
- Chairman: R. Subrahmanyam IAS, former Higher Education Secretary, Govt. of India.
- Curriculum & Assessment Leadership: Prof. Partha Pratim Chakrabarti, former Director, IIT Kharagpur.
- Operations Partner: DEXIT Global – exclusive delivery partner.
- Global Advisory Board of Experts (GABE) – leading academics, policymakers, and technologists from India, Africa, the Middle East, and North America.

9. Why is mySATHI needed today?

Existing entrance systems have significant limitations:

- Outdated Models – reward rote learning, not real-world skills.
- Stressful Processes – single high-stakes attempts causing pressure and inequity.
- Exclusionary Bias – expensive prep favors privileged students.
- US-Centric Standards – SAT/ACT not adapted to Global South or NEP 2020.

mySATHI provides a fair, inclusive, and globally relevant alternative, positioning India as a leader in admissions reform.

10. How does mySATHI benefit universities?

- Better-Fit Students: Access to talent assessed on critical thinking, creativity, and readiness for higher education.
- Lower Student Acquisition Costs (CAC): A centralized test pipeline reduces reliance on agents and heavy marketing.
- Global Differentiation: Being a mySATHI Partner University signals innovation and inclusivity.

- Inbound Mobility: Enables recruitment of students from Africa, Nepal, Afghanistan, and other international hubs.
- Policy Alignment: Reinforces credibility with NEP 2020, NAAC, and global ranking frameworks.

---

11. What is the launch timeline for mySATHI?

- October 15, 2025 → Student enrollment opens on mySATHI.org.
- November 1, 2025 → Practice tests (at nominal fee) go live.
- January 1, 2026 → Full rollout of on-demand testing across 235 DEXIT Global centers.
- Academic Year 2026–27 → First cohort admitted using mySATHI scores.

---

12. How can universities and policymakers engage with mySATHI Foundation?

- Universities: Submit an enquiry through mysathi.org, attend an orientation session, and engage in discussions with the mySATHI Board. Finalize the partnership by signing an MoU with the mySATHI Foundation. Empanel as a mySATHI Partner Institution to access early insights through analytics, benefit from co-branding opportunities, and offer scholarships.
- Policy Leaders: Collaborate with mySATHI Foundation through policy briefs, pilots, and advocacy initiatives.
- Opinion Leaders: Join GABE or participate in roundtables on higher education reform and global academic mobility.
